

My name is Julie Clark. I live at The Gunnery School in Washington, Connecticut and I own a Center for Early Childhood Education in Woodbury, Connecticut, Creative Arts Studio. Creative Arts Studio services over 150 families with children anywhere from infancy to middle school age. As you can imagine, we were all devastated by the horrible tragedy at Sandy Hook Elementary School, especially since one of our former faculty members was killed during that attack.

I am writing to ask you to pass Raised Bill 1076 in order to help keep all of our citizens, and especially our children, safe.

Sincerely,

Julie Clark
